Comparison of Adjusted Information to U.S. GAAP Information

This presentation includes adjusted financial information. This information is provided to enable investors to make meaningful comparisons of the Company’s operating performance between periods and to view the Company’s business from the same perspective as management’s.

The earnings release dated July 26, 2012 contains exhibits that reconcile the differences between the non-GAAP measures and comparable financial measures calculated in accordance with U.S. GAAP. As noted in the Form 10-Q filed for the period ending June 30, 2012, The McGraw-Hill Companies, Inc. has classified its Broadcasting Group as a discontinued operation resulting in revisions to its June 30, 2011 consolidated balance sheet.
“Safe Harbor” Statement Under the Private Securities Litigation Reform Act of 1995

This presentation contains forward-looking statements, including without limitation statements relating to our businesses and our prospects, new products, sales, expenses, tax rates, cash flows, prepublication investments and operating and capital requirements that are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are intended to provide management’s current expectations or claims for our future operating and financial performance and are based on assumptions management believes are reasonable at the time they are made.

Forward-looking statements can be identified by the use of words such as “believe,” “expect,” “plan,” “estimate,” “project,” “target,” “anticipate,” “intend,” “may,” “will,” “continue” and other words of similar meaning in connection with a discussion of future operating or financial performance. These statements are not guarantees of future performance and involve certain risks, uncertainties and assumptions that are difficult to predict; therefore, actual outcomes and results could differ materially from what is expected or forecasted. These risks and uncertainties include, among others:

- worldwide economic, financial, political and regulatory conditions;
- currency and foreign exchange volatility;
- the effect of competitive products and pricing;
- the level of success of new product development and global expansion;
- the level of future cash flows;
- the levels of capital and prepublication investments;
- income tax rates;
- restructuring charges;
- the health of debt and equity markets, including credit quality and spreads, the level of liquidity and future debt issuances;
- the level of interest rates and the strength of the capital markets in the U.S. and abroad;
- the demand and market for debt ratings, including collateralized debt obligations, residential and commercial mortgage and asset-backed securities and related asset classes;
- the state of the credit markets and their impact on Standard & Poor’s Ratings and the economy in general;
- the regulatory environment affecting Standard & Poor’s Ratings and our other businesses;
- the level of merger and acquisition activity in the U.S. and abroad;
- the level of funding in the education market;
- School Education Group’s level of success in adoptions and open territories;
- enrollment and demographic trends;
- the strength of School Education Group’s testing market, Higher Education, Professional and International’s publishing markets and the impact of technology on them;
- continued investment by the construction, automotive, computer and aviation industries;
- the strength and performance of the domestic and international automotive markets;
- the volatility of the energy marketplace;
- the contract value of public works, manufacturing and single-family unit construction.

In addition, there are certain risks and uncertainties relating to our previously announced Growth and Value Plan which contemplates a tax-free spin-off of our education business, including, but not limited to, the impact and possible disruption to our operations, the timing and certainty of completing the transaction, unanticipated developments that may delay or negatively impact the spin-off, and the ability of each business to operate as an independent entity upon completion of the spin-off. We caution readers not to place undue reliance on forward-looking statements.

• Drivers of second quarter profitability:
  – Revenue growth at Commodities & Commercial and S&P Capital IQ / S&P Indices drove increased operating profit
  – Cost reduction efforts contributed to margin expansion
  – Share count reduction amplified EPS growth
## Growth and Value Plan: Significant Actions to Facilitate Separation

- Key management in place at McGraw-Hill Education including Buzz Waterhouse, president and CEO, and Pat Milano, CFO and chief administrative officer
- Form 10 filed
- Consolidated cost reductions accelerated in 2Q, with adjusted expenses decreasing 5% vs. 2Q 2011 and consolidated margins expanding
- Remain on track to deliver at least $100 million in cost savings, on a run-rate basis, by year-end
Growth and Value Plan: Investing for Growth

- **Launched S&P Dow Jones Indices**
  - Combination of two iconic brands will drive innovative, index-based solutions for global investors
  - Joint venture should deliver annual revenue in 2013 of approximately $500 million with highly attractive margins

- **Acquired Credit Market Analysis Limited**
  - Leading provider of clear, reliable OTC credit pricing and related information that adds another foundational benchmark capability to the portfolio

- **Acquisition of Coalition Development Ltd. announced**
  - Provides high-end analytics, mainly to global investment banks

Global Debt Issuance: Diverging Global Markets

United States
11% increase year-over-year in 2Q
(issuance, $ in billions)

Europe
45% decrease year-over-year in 2Q
(issuance, $ in billions)

Standard & Poor’s Ratings Outlook: Long-Term Growth with Volatility

Secular Drivers of Growth
- Huge pipeline of maturing global corporate debt will need to be refinanced over the next several years
- European corporate financing is shifting from bank loans to public debt markets
- Structured finance market slowly recovering

Volatile Headwinds
- European financial crisis
- Risk aversion among investors
- Sovereign debt levels
- Pending government regulations create uncertainty for all market participants
### Standard & Poor’s Ratings: Continued Progress on Litigation Front

**• Update:**
- 29 cases now dismissed outright (two in 2Q 2012)
- 7 dismissals by lower courts have been affirmed by higher courts
- The highest court in New York affirmed the dismissal of the Oddo litigation
- 10 cases have been voluntarily withdrawn
- Several dozen cases remain outstanding

**• We continue to believe that the legal risk of pending litigation remains low**

### Regulations Continue to Evolve

**• CRA3**
- Mandatory rotation on structured finance products, or on a subset of those constituting resecuritizations
- New EU-wide liability standard enabling investors who purchased investments to sue a credit rating agency that breached the EU regulations intentionally or through gross negligence

**• Dodd-Frank**
- Implementing modifications of U.S. regulations to remove any reference to, or requirement of, reliance on credit ratings

**• Franken Amendment**
- Report and recommendation by the SEC on feasibility of establishing an organization that will assign which NRSRO will provide the initial rating on new structured finance products

* NOTE: Operating cash impacted by a temporary acceleration of payments to vendors totaling approximately $100 million due to a transition to a new accounting system and includes $65 million of Growth and Value Plan cash outlays.
Progress on $100 Million Cost Savings Target

- Cost reductions accelerated in 2Q
- Total adjusted expenses declined 5%
- Pension plan realignment contributed to reduced expense run rate
- Additional restructuring actions expected in 2nd half of year as the two new operating companies are established
  - 15 work streams underway to drive separation and reduce costs
  - Changes to enterprise support services such as accounting, human resources, information technology, purchasing and real estate well underway

Update on One-time Costs to Support Separation

- Incurred one-time Growth and Value Plan costs of $42 million in 2Q 2012 and $75 million YTD
  - $19 million for professional fees
  - $15 million for deal fees
  - $8 million for severance
- Anticipate for the remainder of the year approximately $80 million in additional one-time separation expenses to implement the Growth and Value Plan
- Potential for additional restructuring costs of approximately $65 million during 2012 as part of ongoing cost reduction initiatives
Form 10 Highlights for McGraw-Hill Education

- Issue up to $600 million new debt
- Pay one-time dividend of up to $500 million to McGraw-Hill Financial
- Ensure adequate liquidity to meet business needs
- Revolver to be established for cyclical cash requirements

Second-Half 2012 Actions

- Plan to repurchase up to $500 million of common stock in the second half of the year
- Consolidated full results of the S&P Dow Jones Indices joint venture
  - 27% of joint venture income will be removed and recorded as “net income attributable to noncontrolling interests”
  - Balance sheet impact was already recognized in 2nd quarter
Outlook for Balance of Year

- Record first-half results bolster confidence; now expect to be near the high end of adjusted diluted EPS guidance of $3.25 to $3.35
- Cost reductions clearly impacted YTD earnings and will continue throughout the year
- On track to deliver at least $100 million in cost reductions, on a run-rate basis, by year-end
- Continue to anticipate separation of McGraw-Hill Financial and McGraw-Hill Education by year-end
- Delivering Growth and Value Plan remains highest priority
