- * A securities rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time.
 - ** Delivery of the notes will be made against payment therefor on or about the date specified in the last paragraph of the cover page of this prospectus supplement, which will be the tenth business day following the date of pricing (such settlement being referred to as “T+10”). Pursuant to Rule 15c6-1 under the Exchange Act, trades in the secondary market are generally required to settle in two business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade notes on the day of pricing or on the next seven business days will be required, by virtue of the fact that the notes will initially settle in T+10, to specify an alternate settlement arrangement at the time of any such trade to prevent a failed settlement.
